

STOP the VIOLENCE

By: Thomas H. Stephens

www.gospoeticexpressions.com

What's wrong with people today?
They don't come together and they don't want to pray.
They're wearing blinders as if they don't see.
The poor, sick, the kids are in need.
Black man, White, Yellow, and Brown,
Take a moment to look around.
See the hurt, grief...see the pain.
All the Drugs, Guns, Violence, All insane.

Come on, Stop the violence. Said, stop it now!
If we don't stop the violence, all of us will drown.
Change our ways. Look North and South;
Put a positive message in the kid's mouth!
Come on; Let them know that we still care.
Led by the Spirit...break the fear.
Come on, Stop the violence. Stop it now.
The boat is sinking. It's going down.

But, if we try...if we dare;
We can plug the leaks of despair!
Come on ...Use the tools given us by God-
You see, the sword of the Word, the spiritual rod.
Come on, put the excuses back on the shelf;
I said, thinking of each other not thinking of self.
Come on, working together...hand in hand;
Guiding the boat under the captain's plan.

Stop the violence. Said, stop it now.
If we don't stop the violence all of us will drown.
I said, Stop the violence. Stop it now.
The boat is sinking. We must turnaround!

Stop the violence. Stop it now.
If we don't stop the violence all of us will drown.
I said, Stop the violence. Stop it now.
The boat is sinking. We must turnaround!

Be an athlete, be a body, be a branch, a bride.
Be a candlesticks, be light, be not walking in pride.
Be at peace, be a pearl, be a precious stone.
Be walking in LOVE, be God's very own.
Be open with an answer in this race.
Be transformed, be renewed, be steadfast in your faith.
Be filled with the Spirit, be gentle to all men.
Be kind and considerate, be a FRIEND.

I said, Stop the violence. Stop it now.
If we don't stop the violence all of us will drown.
I said, Stop the violence. Stop it now.
The boat is sinking. We must turnaround!

Stop the violence. Stop it now.
If we don't stop the violence all of us will drown.
Stop the violence. Stop it now.
The boat is sinking. We must turnaround!
